

Neighbor's Release

Date of Tarpaulin Installation:

Date of Tarpaulin Removal:

Property address to be fumigated:

Your address that must be accessed:

Your neighbor is scheduled to have their property fumigated by Quality Pest Services, Inc. In order to perform this job, our workers will need access to your property on the dates noted above. We request that prior to the scheduled date of tarp installation that you would remove any plants or stored items that may be located immediately adjacent to your neighbor's structure. Plants growing in close proximity must be cut back 6-8 inches to allow our crews to seal the tarpaulins over your neighbor's structure and to the ground. We also request that you would remove any pets from your yard in this area and keep them away from the tarpaulins for the duration of the fumigation until the tarpaulins are removed.

By signing below, I authorize the employees of Quality Pest Services, Inc. access to my property and acknowledge that if storage or plants are not removed or cut back, these items may be inadvertently damaged during the course of work.
